MANCHESTER

A DESIGN-DRIVEN BOUTIQUE
DEVELOPMENT OF 41 APARTMENTS

LOMAX
MANCHESTER

Exceptional, Modern Living.

The Development

LOMAX is a design-driven boutique development in the heart of Manchester's Northern Quarter, with 41 apartments that are both spacious and fashionable.

A rooftop patio tops 28 two-bedroom and 13 one-bedroom apartments on an eight-floor building. The living spaces are illuminated by large windows and the apartments are located in a desirable neighbourhood of Manchester that is near a variety of convenient amenities.

The Location

Piccadilly Railway Station is six minutes away on foot from LOMAX, while the Arndale Centre, which features over 200 appealing stores and restaurants, is fifteen minutes away on foot.

Market Street, Exchange Square, and the Royal Exchange are three cultural hotspots that are easily accessible from the Northern Quarter and Ancoats and are sure to pique your curiosity.

The Northern Quarter and Ancoats are the city's most desirable neighbourhoods.

Other cultural hotspots in Manchester include the Manchester Art Gallery, which is located directly in the middle of the city and features a wide variety of art exhibitions. The primary gallery facilities were constructed in 1823 for a literary club and currently, the collection is spread across three connected buildings.

The Manchester Museum is another place of interest that is well worth a trip; it is home to displays pertaining to natural history, anthropology, and archaeology. It is the largest university museum in the United Kingdom and serves not only as a major attraction for tourists but also as a resource for academic study and instruction. It is estimated that approximately 360,000 people visit it each year.

The City

According to the Sunday Times, Piccadilly Manchester is “one of the nicest places to live”. The most well-known attractions in the city are within a short distance of the homes in this neighbourhood, making it convenient to reach them on foot.

Many of the city’s residents make their home there, as it serves as the core of the metropolitan area and is where they spend the majority of their time. If you are the type of person who enjoys being in the centre of things, then this is one of the best neighbourhoods in Manchester for you to settle down in. Chinatown, Piccadilly Gardens, Afflecks Palace, the Warehouse Project, a myriad of superb restaurants, numerous fascinating museums, and a wealth of fantastic shopping options are nothing but a short walk away. This includes the majority of the city’s most recognised areas of interest.

In addition, Manchester is a fantastic city to enjoy nightlife. As could be anticipated, the neighbourhood is home to a great deal of venues offering dining, drinking, and dancing opportunities. Families with young children and young professionals from a wide range of backgrounds feel at home in Manchester. It has been ranked as the UK’s No.1 City for Living in the Global Liveability Index for eleven years.

The trend of increasing housing prices in Manchester is anticipated to continue for some time. According to a report from JLL Residential Forecast 2022-2026, the city will see a further 25.8% growth in house prices over the next five-year period. Manchester’s property market has grown 85% in the last decade.

In addition, the revitalisation of the area that will occur as a direct result of the construction of HS2, will be a driving force behind property investment in this particular area. It is expected that the attractiveness of the high-speed transit connection will be felt throughout the rest of the city as well, which will add even further to the enhanced desirability of acquiring real estate in Manchester.

Investing in the Piccadilly neighbourhood, which has been referred to as having “one of the largest development opportunities in the UK,” may ultimately result in the creation of as many as 40,000 new jobs, 13,000 new dwellings, and 820,000 square meters of new commercial development.

Apartment Types

This apartment development will be made available as a result of the foresight of a local developer and will provide the city centre with the much-needed accommodation it requires.

The concept of the brick warehouse is given a contemporary makeover in the design of this building. The scheme was developed with consideration to the industrial past of the surrounding neighbourhood.

Every single living unit has its own kitchen, dining area, and living room, all of which are entirely separate from one another. The bedrooms and bathrooms are both beautifully decorated and provided with sophisticated fittings. Furthermore, both the bedrooms and bathrooms are spacious and inviting, which will unquestionably give you the feeling of being at home.
